Re: Statements of Nutritional Support

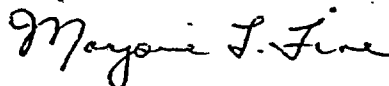

Dear Sir or Madam:

Pursuant to Section 403(r) (6) of the Federal Food Drug & Cosmetic Act, notice is hereby given that the following statements of nutritional support are being made on the label and/or in the labeling in connection with the marketing of the dietary supplement GLA.

The statements of nutritional support used are as follows:

"Our bodies use GLA to form prostaglandins, potent hormone-like compounds that/which impact virtually every system in the body. Prostaglandins are important in regulating normal body processes such as the control of blood pressure, blood clotting and inflammation."

Sincerely,

Marjorie L. Fine
